Experience

I graduated school in 2016 and began to study psychology in 2018. I have experiences in many different workfields. I've worked in a Café as a barista for over half a year and helped in the service at several events (such as weddings, exhibitions and business events). I also worked at cloakrooms on different events and clubs. I have promotion-experience due to many promotion jobs (for example for C&A, the Deutsche Bahn and several fairs). I also worked in some clothing stores and a shoestore.
