### Experience

I already worked several times at the Casa and in the replenishment. I also worked in companies like Thalia and C & A. Sometimes I used to be a translator and I already made an internship in a kiosk and a bar in a foreign country. Currently, I am studying in my 1.st semester of my master in economics. In addition to that, I received several mini jobs through personal mediation Zenjob. I worked there for example as a promoter or in the warehouse or as a helper at events (Peter Lübbner). I also worked already as a hostess for example at the exhibition "future dry construction" in Berlin. Additionally, I am currently doing education to a peer tutor, which trains my skills in communication, teamwork and teaching others. I am very open, disciplined and resistant and I always work with a smile on my face.
