Clothing size: 36/38

Experience

Moin Moin from Hamburg, my name is Vanessa and I am a business administration student in the 11th trimester. After I passed my A-Levels I worked as a receptionist in a gym. Customer care and service management were activities which I had to take every day as my first priority. A friendly and open attitude towards customers isn't unacquainted to me. Prior to my studies I worked as an assistance at the boutique UNITO Young Fashion including sales support, customer care and the clearance of goods for over 2 years. I gained experience in selling books over the online platform amazon since I'm 15 years old. Therefore, I am very familiar with the storage clearance and inventory activity. In addition to my jobs at Instaff, I have already taken over several hostess activities through the agency UCM. I have taken over responsibility in the fair support of Rotkäppchen Sekt and at a laboratory fair.
