Experience

I am currently in my last semester of my studies to become a teacher in English and French at the university of cologne. Because I grew up in a bilingual family, I can also manage to speak fluently in Turkish. My experience to work as a hostess, temporary staff in high class restaurants, in sales and as a teacher assistant in schools and social facilities taught me how to be completely professional and open in dealing with people (host,customer and team members). (I am qualified by Baker&Pommeroy to work professionally for special events and catering). I also helped out as a tandem buddy for exchange students at the university of cologne. Besides, I am talented in various artistic domains in addition to my ability to work with common computer programs which can be helpful in the presentation of products and in commerce.
