Experience

I study Computational Engineering und Graphic Design. I have experience in promotion and jobs like helper to events, because I took more than 20 jobs from InStaff. I learn quickly and enjoy working. I had a lot of short-term jobs, similar to those in InStaff. In the last year I had a lot of experience in promotion, helper jobs, cloakroom work on events and child care. I take a job inbetween my lectures at the university and can't work on a regular job, but jobs like these in InStaff are pleasure for me.
