### Experience

After my graduation I completed a training as a media clerk for Digital & Print Media at a publishing house. After that I started the Bachelor in Integrated Design, where I'm currently writing my thesis. In the first 2 years of my studies, I worked 2-3 times a week for a recruitment agency as a hostess and service for various customers. Last year I worked as a working-student (20h/week) for event concepts and event design in an agency for events & live communication. Now I am open to new challenges.
