### Experience

Before i finished my training as a carpenter in 2013 i worked in retail. Right after my training i worked as a carpenter in Germany and Australia. Next to my study i had jobs as bartender, bouncer and craftsman. I finished my studies in spring 2019 at rosenheim university of applied science with the degree Bachelor of Engineering - Woodtechnology. At the moment I´m working as a personal trainer, but I´m also involved in organisation for christmas partys, summer events or open door days. I was able to improve my english during an 6 month internship in Michigan USA.
