### Experience

Before I started working for InStaff in autumn 2019, I had already worked for "Lagardère Plus" for 1 year. I was able to gain a lot of experience in countless jobs in many different divisions. You can see a small overview on my sedcard. Furthermore, I was able to gain a lot of additional experience with customers, since I have already dealt at retail for six months and had a full-time job in customer service. I was able to gain further experience during a six-month stay abroad, where I did volunteer work and learned to speak perfect English. I study International Tourism- and Eventmanagement as a dual student. My practice partner is a hotel, which also has an event area, where I work in all areas. I am open to everything, very resilient, reliable and motivated to always learn something new!
