Experience

In 9th grade, for the first time I've done an internship at an IT Company. After 10th grade I've studied abroad in the US for one year at an American High School. I've lived with a host family. This year has improved my knowledge of the English language significantly. Furthermore, during the 11th and 12th grade of the Gymnasium I have taken part in a fundraising project. Therefore I have some experience in collecting money or simply promotion jobs in general. Also, I've worked in bars a few times where I have learned how to mix basic cocktails and longdrinks. Moreover, I've worked at the concession stand more than once, and I therefore have a bit experience regarding selling snacks and drinks.
