Experience

- several trade fair experiences including one week at the Bauma in Munich, where I was employed as a hostess, but still partly took over the tasks of a service employee. I also worked as a hostess at the plastics trade fair in Düsseldorf for one week, serving customers, tidying up, advertising visitors, sometimes answering questions about the company, which I learned in a briefing - I did an internship at a private bank in Switzerland, which taught me how to deal with my team, as well as how to deal with high-ranking customers, and also how to serve them - I did two internships in different advertising agencies, I learned to process my assignments correctly and quickly, and so far I have only been able to gather positive experience reports.
