Experience

I worked as a promoter and host on different trade shows on many occasions. Furthermore I have experience in the field of sales and marketing. I consider myself as friendly, communicative and polite. I love working with customers and a high affinity for service distinguishes me. I lived in Australia for over half a year and had many more stays abroad. Due to that, my English is almost at mother tongue level. I did an IELTS and scored with 8 out of 9 points.
