Studies: Biologie

Languages German - Mother tongue
English - Fluent to Business fluent (C1 / C2)
French - Basic (A1 / A2)

Clothing measurements Height: 170 m
Clothing size: 34/36

Experience

I'm a biology student in the 4th semester of my studies. I learned to speak fluent English during the 4 years, that I lived in South Africa. Afterwards I graduated from the Dresden International School and therefore have lots of experience with an international community. I worked as a waitress in a restaurant for 4 month and successfully finished internships at a veterinary clinic, in a zoo and in the Max-Planck Institute Dresden. My open and friendly way helped me to gain great experiences when working as a Hostess or as a Promotor. I am looking forward to further chances to interact with new people.

Jobs & Reviews

- ★★★★★ automechanika
(5 Days in Frankfurt for saima meccanica spa)
- ★★★★★ Maimarkt in Karlstadt
(1 day in Karlstadt for spiel & sport team GmbH)
