### Experience

I worked on several fairs, like Heimtextil or Ambiente and others. Moreover I have a lot of experience in promotional tasks as I work with a promotion and catering agency since 2011. Since 2012, I also started modeling and experienced next to many shootings some catwalk jobs. After I finished school I went to Australia for several months, therefore I am very confident in the English language. I studied economics in Frankfurt for one year and now I am looking forward to begin dental medicine studies, with even some time abroad.
