### Experience

- A lot of experience in retail: I've worked 1,5 years at a big fashion chain called Peek&Cloppenburg, so I know the procedures and the contact to customers very well. - A lot of experience in catering: I'm currently working as a waitress (& have for the past 2 years), where I work on different events (bar, service - amongst others also in a castle, therefore high service is known) and in restaurants. - Due to my studies in the educational sector (elementary school education) and the study related internships, but also due to my au pair year and ten years of babysitting experience, I was able to gain great knowledge about children and pedagogics.
