### Experience

I'm working since I am 14 years old. From this time on I became a workaholic. I had many jobs all these years, often several at the same time. I liked it to be free and financially independent. Mostly I saved the money for my absolute passion. Traveling. It's my biggest dream to see the whole world! But to start with my experiences...

I began with a job in a fashion store, as a fashion adviser and I managed warehouse and logistics. Parallel I worked 6 years in a hairdresser's. I dyed hair, organized the appointments and took care about the finances even though warehouse and logistics. After A Level I began to work for "Young Promotion" at the Frankfurt Airport as an promoter, also for a couple of years. I worked for Gucci, Lancôme, Calvin Klein, Yves Saint Laurent and much more.
