Experience

I have a lot experiences in several exhibitions with companies of different sectors. Some of the exhibitions I worked at are named Interpack in Düsseldorf, Interzum in Cologne, A+A in Düsseldorf, Medica in Düsseldorf, PSI in Düsseldorf or FSB in Cologne. To conclude I would like to talk about my tasks at the exhibitions. First of all I had to attend to customers of different nationalities. Moreover I had to translate different languages in special meetings and also during launching a new product. At some exhibitions I had a lot of fun as a waitress.
